UNIVERSITY  
OF ABERDEEN

## School of Medical Sciences

# → Research Fellowships Medical Mycology

Reference: YMS303R

Applications are invited from suitably qualified postdoctoral research scientists for a multidisciplinary project led by Neil Gow (n.gow@abdn.ac.uk) and Al Brown to investigate the "Candida cell surface: regulation of the host-fungus interaction". You must have a PhD in microbiology, immunology, biochemistry or related discipline, or an MSc plus the appropriate level of experience which demonstrates the required skills and capabilities. Experience in fungal cell and molecular biology or immunology is essential, and experience in biochemistry and the analysis of gene expression shall be an advantage.

**Salary:** £29,704 - £30,594 per annum.

**Closing date:** Friday 23 October 2009.

The University of Aberdeen is a charity registered in Scotland, No SC013683.
