Dear Colleague,

The **Journal of Infectious Diseases and immunity (JIDI)** is a multidisciplinary peer-reviewed journal published monthly by Academic Journals (www.acadjourn.org/JIDI and www.academicjournals.org/JIDI). JIDI is dedicated to increasing the depth of Infectious Diseases and immunity research across disciplines with the ultimate aim of improving research on immunity.

Editors and reviewers

JIDI is seeking qualified researchers to join its editorial team as editors, subeditors or reviewers. Kindly send your resume to jidi.journal@gmail.com

Call for Papers

JIDI will cover all areas of Infectious Diseases and immunity. The journal welcomes the submission of manuscripts that meet the general criteria of significance and scientific excellence in this subject area, and will publish:

- Original articles in basic and applied research
- Case studies
- Critical reviews, surveys, opinions, commentaries and essays

We invite you to submit your manuscript(s) to jidi.journal@gmail.com for publication in the Maiden Issue (October 2009). Our objective is to inform authors of the decision on their manuscript(s) within four weeks of submission. Following acceptance, a paper will normally be published in the next issue. Instruction for authors and other details are available on our websites; <http://www.acadjourn.org/JIDI/Instruction.htm> and <http://www.academicjournals.org/JIDI/Instruction.htm>

JIDI is an Open Access Journal

One key request of researchers across the world is unrestricted access to research publications. Open access gives a worldwide audience larger than that of any subscription-based journal and thus increases the visibility and impact of published work. It also enhances indexing, retrieval power and eliminates the need for permissions to reproduce and distribute content. JIDI is fully committed to the Open Access Initiative and will provide free access to all articles as soon as they are published.

Best regards,
