## INVITATION TO COLLEAGUES

Dear Colleagues:

It is my great honor to take this opportunity to invite you to join the ISHAM Satellite Symposia in Beijing on May 30-31, 2009.

Beijing is a famous historical city and especially, the 2008 Olympic game will bring a new Beijing to all the international guests. There are also lots of attractive areas in China such as Xian, Guilin, Chengdu, where you will enjoy some special experiences.

Medical Mycology in China is facing her new era as the new century began. This is the first time of ISHAM meeting held in China. We do appreciate this great opportunity to share your precious experiences and exchange what we have done in several interesting fields. Your active participation is quite essential to the success of this meeting. I believe that the symposia, after the Tokyo meeting, will be worth for you to participate. You will really enjoy both the scientific and social program at the same time.

Looking forward to seeing you in Beijing!

Ruo-yu Li MD., Prof.  
Chairperson, ISHAM 2009,  
Satellite Symposia in Beijing  
Peking University,  
Research Center for Medical Mycology  
President, Chinese Society for Microbiology,
